SOCIETY AGM

The Society AGM will be held on Monday 23rd October 2017 at 9.30am in the Lomond Suite at United Auctions, Stirling.

OFFICE UPDATES & REMINDERS

- **Society Sales** - For many years now we have been stating that health declarations and DNA need to be in at the office by the closing date of the sale entry, yet we still have to spend time chasing these. It has been said before that anything received after 5 days of the closing date will automatically be rejected. Although we have continued to be as flexible as possible in the past, in allowing late offenders to still attend the sales, this will no longer be an option. Therefore, with immediate effect, any HHD or DNA received after 5 days of the closing date will result in the animals being rejected from the sale.
- **Private Transfers** - Vendors/Purchasers please ensure that the back of the pedigree of the animal being sold has been signed and dated, including any service information.
- **Life Membership** - reminder that the cost of life membership will be increasing as from the 1st August 2017 to £850
