General Information & Sale Notes

LOCATION: The Sale will be held in the Borderway Mart, Carlisle Cumbria. Motorists should leave the M6 at Junction 43 and follow CARLISLE signs. The market is on the left hand side of the road within 1/4 mile of M6.

Timetable of Events:-

Thursday 2nd December	Arrival of Stock	11.00am – 3.00pm
	Inspection	3.00pm – 5.00pm
	Preview of Sale Cattle	5.00pm – 7.00pm
	Hospitality will be served from	5.30pm – 7.00pm
Friday 3rd December	Judging	9.30am
	Sale	11.30am

CONDITIONS OF SALE: This sale is held under the British Simmental Cattle Society's Auction Sale Rules and subject to recommended Conditions of Sale of the National Beef Association (NBA). This sale is held subject to these rules and the Auctioneers' General Conditions of Sale, both of which are available on request. In the event of any discrepancy between the two sets of conditions, the NBA Conditions of Sale shall prevail

WEANED CALVES – purchasers will only be permitted to claim a maximum of £200 compensation along with the purchase price for any animal which arises in dispute from the conditions of sale

INSURANCE: A representative of the H&H Insurance Brokers, will be present at the sale and will be pleased to quote Purchasers for transit and other risks.

METHOD OF SALE: All cattle will be sold in guineas (105 pence) and strictly in catalogue order, unless any alteration is announced by the Auctioneers.

COMMISSIONS: The Auctioneers will dutifully execute commissions to purchase for buyers unable to attend the sale personally, upon receipt of written instructions.

ONLINE BIDDING FACILITY will be available for the Sale.

Log onto <https://harrisonandhetherington.co.uk/live-streaming/> for further details to register.

Please note that if you are bidding on-line this sale will be pre-approval only.

This means that all potential online bidders will have to input their debit or credit card into a secure part of the website prior to bidding. An amount of £1000.00 will be held on your card and will be used to pay for your purchase if necessary.

At the conclusion of the sale a member of our team will contact you to take payment for your purchase/s and the £1000.00 hold will not be taken from your card.

ALL purchases must be paid for on the day, no pass outs or export documents will be issued until payment is made in full.

The pre-approval system will be accessible from 9am on the day of the sale.

You will need to access the Pre-Approval lot 'zero' and input your card details. After completing the pre-approval you will then be able to bid on your chosen lots without any further prompts.

REGISTRATIONS: All stock in the Sale are registered with the British Simmental Cattle Society (02476 696513).

PEDIGREE TRANSFERS: Official Pedigree Transfers will be effected by the Auctioneers and the British Simmental Cattle Society as soon as possible after the Sale. Full Pedigrees will be transferred free of charge to existing and new members.

FREE MEMBERSHIP: If you purchase at the Next Generation Sale, and would like to join the Society, the British Simmental Cattle Society are offering new members one year's free membership to a value of £75.00.

NBA WARRANTIES: This Sale is also held subject to the Special Terms and Conditions of Sale recommended for Sales of Pedigree Beef Cattle by the National Beed Association. The preparation of these Terms and Conditions has proved a lengthy and costly process and, in order to defray the legal and other costs involved, and to provide a continuing source of revenue to assist the Association in its vital work for Pedigree Cattle Breeders, the Council of the Association has decided that a special levy, amounting to £3 per male and £2 per female head/lot sold (plus VAT) shall be charged to each Purchaser.

SETTLEMENT AND CLEARANCE OF STOCK: Settlement in full is due immediately at the close of Sale. No animal may leave the Sale Premises without an official 'Pass Slip', obtainable only from the Auctioneers upon settlement.

Purchasers unable to remove their stock on the day of sale can arrange overnight accommodation with the Auctioneers on the understanding that all cattle are at Purchasers' risk.

IMPORTANT NOTICE TO VENDORS & PURCHASERS

PRE-SALE INSPECTION: All cattle must be available for inspection, as per the timetable of events (see page 5). A Veterinary Officer will examine all cattle forward for general health and genetic defects, particularly teeth, testicles and udders.

The Veterinary Officer and Society Inspector will check general conformation, breed characteristics and temperament. Any animal discovered with a genetic fault, disease or disorder will be **REJECTED**. Animals will be placed in a crush for this inspection - as required by the Veterinary Officer. The Veterinary inspection will form an integral part of the pre-sale inspection procedure.

Please note - "All animals are subject to a pre-sale inspection to provide a minimum standard and animals are sold with all patent defects, and any subsequent claim after the fall of the hammer is against the vendor and not The British Simmental Cattle Society Ltd".

IDENTIFICATION MARKS: All cattle entered for the Sale will have their ear tags examined as an integral part of the pre-sale inspection procedure. Any tags found to have faulty, incorrect or illegible tags will be **REJECTED** from the Sale. Vendors are therefore urged, in their own best interest, to examine the ear tags of Sale Cattle before the animal(s) leave their farm so faulty marks can be rectified in accordance with the required Society procedures.

ALL CATTLE entered for the Sale, **MUST BE ADEQUATELY TRAINED TO LEAD BY HALTER** and **MUST BE PARADED FOR INSPECTION** unless exempted by the Stewards. Evidence of faults of temperament, vices, etc., may lead to disqualification. All cattle must be provided with a serviceable halter, which will become the property of the purchaser.

Please ensure all cattle passport documentation is handed to the Market Sales Office upon arrival. Failure to do so or if for any reason the paperwork does not correspond to the cattle being offered for sale, such animals will not be put forward for the auction.

The proceeds of sale are guaranteed by the Auctioneers, however, this does not extend to the animals sold for export, to which special conditions apply.

RESERVE PRICES: Vendors shall have the right to refuse to accept the final bid for their animals. The auctioneers reserve the right to charge half commission on the amount of the final bid in the case of animals which fail to reach the Vendors reserve price.

All animals will be sold in guineas (105 pence) and a commission of 5.25% will be charged by the Auctioneers on all sales. A further levy of 1.5% will be charged and paid to the British Simmental Cattle Society. No animal may be sold privately before being passed through the auction ring and full commission will be charged on the sale of any animal sold by private treaty after the auction. All such transactions must be passed through the auctioneers office.

STRAW: A limited amount of bedding straw will be provided.

ANIMAL WELFARE: Vendors and Purchasers should note the **CODE OF PRACTICE** published by the Livestock Auctioneers' Market Committee for England and Wales **IS OPERATIVE IN BORDERWAY MART** and that weakly, unhealthy or injured stock will be refused entry by the Auctioneers. Enquiries should be directed through the market office to the Auctioneers' **ANIMAL HEALTH & WELFARE OFFICER** (Mr Andrew Templeton).

FOREWORD

Welcome to the first Simmental 'Next Generation' Show & Sale, an exciting new fixture to market all classes of pedigree Simmental females, and with a further section for pedigree Simmental Weaned Calves born in the 2021 year.

The Simmental Society is delighted to be working with Harrison & Hetherington and holding this sale at Borderway Mart, Carlisle. The venue very much gives the opportunity to extend the reach and visibility of the Simmental breed, and to make it as accessible as possible for both vendors and buyers from across the UK, and Republic of Ireland and Europe. The sale will also be online for those who have pre-registered.

The aim of this new fixture is to establish it as a showcase sale for the Simmental breed that provides the quality, performance and genetics for 'next generation' cornerstone cattle in herds across the UK. Adding a weaned calf section for calves born in the year is also a new way for breeders to market young Simmental stock, male and female, with breeding, style and potential.

We are delighted that over 80 animals have been entered for the Next Generation Sale and think that the catalogue presents a real opportunity for new herds, established herds, and commercial producers to buy some first quality Simmental cattle. The sale has attracted cattle from top Simmental herds across the breed. Some of the genetics forward will be amongst the very best from the respective herds and very rarely have been presented for public auction before now. On the Thursday evening prior to the show and sale, you are invited to come and walk the pens, view the cattle, and meet the breeders between 5pm – 7pm.

British Simmental is established as one of the most profitable breeds in the beef industry and has all the attributes to be a 'go to mainstay' of the commercial suckler herd across the UK. In addition to its premier and well-established milk and maternal qualities, Simmental is the No.1 Continental Beef Breed for Age at Slaughter, and with its growth advantages can deliver a green beef product with increased profitability. As such we think it's a very timely point to launch this new Simmental 'Next Generation' fixture.

Thank you very much for your interest in British Simmental and we wish all buyers the best of luck with their new Simmental purchases.

Iain Kerr

**HEMINGFORD LANCOME TO BE AUCTIONED FOR CHARITY
WITH ALL SALE PROCEEDS DONATED TO 'BREAST CANCER NOW' CHARITY**

**BREAST
CANCER
NOW** The research
& care charity

In an incredibly generous gesture, James and Rachael Griffin of the Hemingford Simmental herd, Huntingdon, Cambridgeshire, have pledged to donate the entire sale proceeds of their Next Generation Sale heifer, Hemingford Lancome, to the Breast Cancer Now charity.

In 2018 the reality of Breast Cancer 'touched' the Griffins when Rachael was diagnosed at the age of just 33, with no family history of the disease. Following that journey, James & Rachael decided that they wanted to do something to raise both awareness and funds for vital research and along with help and support for people affected by breast cancer. Harrison & Hetherington have readily lent their support to this cause and have agreed, along with the Society, that no sale commissions will apply to the sale of the heifer. In bidding on this animal you will know that all proceeds are going to what is a hugely worthy cause.

If you can't bid but would like to make a donation to Breast Cancer Now, a Just Giving page has been established, and all funds received will go to James & Rachael's fantastic initiative. A massive thank you is extended by James & Rachael to everyone for supporting this fundraising for Breast Cancer Now.

NEWBIEMAINS LYNN brings something a little different to the table. Being bred from Shotley Hector a bull born in the '90's, he bred Millwood Nina who went on to breed Newbiemains Versace. Purchased and used within the Monaduff Herd in Ireland, Versace was shown successfully and won the 'All Ireland Senior Male of the Year 2012' at Tullamore Show.

NOTES

Understanding the new EBV Graph

The BSCS is moving to a new graph for pen cards for all animals at Society sales. The new graph has been available for sometime as part of the Breedplan package used for performance recording and includes more detailed information on individual EBV values compared to the old graph. The new graph allows the buyer to see clearly where the animal's individual traits fall in relation to breed average and also include the accuracy value.

Of course, as the EBV takes into account all the pedigree and performance information that is available at this point in time, the EBV is also the most reliable indication available of the animals breeding value for each trait at this point in time.

Within the display of the EBV Graph:

- The actual EBV Accuracy for each trait is shown at the right side of the graph.
- The Breed Avg values are listed in the centre of the graph and reflect the average EBV's of current animals within the breed (ie. all 2 year old animals).
- The minimum and maximum EBV values are displayed at the left and right of the graph for each trait represented
- The horizontal bar (shaded/coloured area) displays where the animal is placed in relation to the current animals within the breed for each trait.
- As an illustration of the interpretation of the EBV graph, in the example below the animals 400 Day Wt EBV is of higher accuracy than the Eye Muscle Area EBV (because it's horizontal bar is much narrower) and so there is less possible change in the 400 Day Wt EBV as additional information becomes available. Conversely, the EMA EBV may change when additional information becomes available.

HEALTH AND SAFETY RULES HARRISON & HETHERINGTON LIMITED NOTICE TO ALL VISITORS AND TRADERS PLEASE READ AND OBSERVE THE FOLLOWING

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. **PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.**

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
