SOUTH WESTERN SUCKLED CALF ASSOCIATION

AIMS OF THE ASSOCIATION

1. The improvement in the quality of calves raised by members
2. Maintenance of high standards of presentation
3. Extension of the market available to Vendors

SOUTH WESTERN SUCKLED CALF ASSOCIATION SPECIAL CONDITIONS OF SALE

1. Calves must not be less than FIVE months or more than twelve months old at DATE OF SALE and must be polled or dehorned.
2. All calves must be of superior type.
3. All heifers must be warranted as not being in calf at the date of Sale. Should any animal not conform to this warranty, the purchaser shall be entitled on return of the heifer to a refund of the purchase price and agreed cost of transport (the Auctioneers to arbitrate), PROVIDED THE CLAIM IS MADE WITHIN SIX MONTHS of the Sale Day, and is supported by a certificate from a qualified veterinary surgeon.
4. All steer calves must be warranted as having been fully and effectively castrated. Should any animal not conform to this warranty, the Vendor shall pay for the castration and veterinary fees upon production of a veterinary certificate from a qualified veterinary surgeon, provided this default is notified and substantiated within 14 days of the Sale (the Auctioneers to arbitrate).
5. No calf will be offered for sale unless correctly entered in the catalogue.
6. All calves must be entered on the proper Entry Form by the closing date and the Sale is confined to members of the South West Suckle Calf Association.
7. Steer and heifer calves must be entered in separate lots.
8. No single calf to be sold except where the auctioneer considers that no other course is reasonable.
9. Every effort should be made to pen stock by 9.30 a.m. on the morning of the Sale. Stock not ready when lot number is called will be passed over and relegated to the end of the Sale.
10. All calves must be inspected by the Association's Stewards in the Sale Yard. The Auctioneers will be asked not to offer for sale any animal which does not comply with these conditions and the lot number will be removed. The decision of the Association's Stewards must be accepted as final in all cases.
11. A levy of ½p in the £1 will be payable to the Association and will be deducted from the payments due in respect of the calves sold.
12. Calves must be entered in even lots. An estimated variation in weight of 50 Kgs. is the maximum acceptable in any one lot.
13. The Association reserved the right to refuse entries of calves at future sales from members who fail, without good reason, to present calves entered for sale.
14. Whilst every effort is made by the Stewards and Committee to ensure that all animals comply with the warranties stated, the Association does not warrant the condition of any calf sold at any sale. Liability rests with the Vendor in all cases of default or warranty.

Livestock Notice to Purchasers

Viewing - Times and day/date

Health & Safety - Kivells accept no liability for any damage or injury to persons, livestock, vehicles or plant not arising out of their negligence. Any person entering the livestock market premises does so at their own risk and must comply with the requirements of any Health and Safety notices. All persons entering the livestock markets premises are hereby given notice that there are potential hazards due to the type, penning, herding, loading and unloading of livestock and vehicle movement. Caution should be exercised and children must be fully supervised at all times. Kivells reserve the right to refuse admission to any person or vehicle into the livestock market premises without giving reason. Kivells strongly advise that no persons access the sale ring, penning or livestock passageways during the sale or whilst animals are being moved through passageways. Should any person decide to enter these aforementioned areas they do so entirely at their own risk. Any incidents or accidents in the livestock market premises should be reported to Kivells market office immediately.

Biosecurity and Livestock Welfare - All persons entering Kivells livestock market premises must comply with all current Biosecurity legislation, rules and conditions. All persons should be in clean clothing and disinfect footwear upon entry and exit from the livestock market premises. Hand wash facilities, disinfectant boot dips and brushes are available and should be used. Vehicles used to transport animals to or from the livestock market premises must comply with current cleaning and disinfection legislation. All vendors, purchasers, agents and hauliers must comply with all current legislation governing the welfare of livestock whilst at Kivells livestock market premises or in transport to or from the livestock market premises. Any concerns over Biosecurity and Animal Welfare should be reported to Kivells Biosecurity and Animal Welfare officers, whose details are located in the Kivells market office.

Registration - In order to bid, all **new** Buyers are required to register before the auction, at the Kivells market office or as otherwise advised by the Auctioneers. All such Buyers will be asked for two forms of identification and a credit reference will be required. Acceptable identification includes Driving Licence/Passport together with a Utility Bill/Proof of Address/Business Letter Heading/Business Card. The Auctioneers reserve the right to request a deposit ahead of any purchase or during sale proceedings and to refuse registration or any bid or bidder without giving reason. New Buyers are strongly advised to contact the Auctioneers well in advance of the sale.

Payment - All Lots must be paid for on the day of the Sale by the Buyer prior to any removal or consolidation, unless alternative arrangements have been agreed with the Auctioneers. At the fall of the hammer the highest bidder will be deemed to be the Buyer and transfers of purchases will only be permitted with prior approval from the Auctioneers. Any payment is to be by a means approved by the Auctioneers. Our preferred payment terms are debit card or cash and Kivells reserve the right to stipulate payment by these methods. Kivells may also accept bank transfers and cheques with prior approval. Our Bank Account details are: Sort Code 56-00-49 Account Number 32376359. **Payment in Cash** - In order to comply with money laundering regulations we cannot accept Cash payments above the maximum permitted at the time of sale. The maximum varies according to exchange rates and currently it is circa £9,000. Buyers are advised to check with the Auctioneers ahead of the sale.

Conditions of Sale - It is strongly recommended that Bidders and Buyers visit **Kivells.com** and read the full Conditions of Sale produced by the Livestock Auctioneers Association (LAA) ahead of the sale. Unless advised otherwise you will be bidding and buying under these Conditions and you will be obligated to abide by these Conditions and these Notice to Purchasers. The LAA Conditions of Sale are also displayed in Kivells market office. Clauses 12 to 19 inclusive relate mainly to the Purchaser. This catalogue may also contain reference to Warranties as defined by the LAA Conditions of Sale. Warranty issues will not be considered if payment in full has not been received.

Risk - All livestock are at the risk of the Vendor before they are sold and at the risk of the Buyer when they are sold (fall of the hammer). It is strongly advised that Vendors and Buyers ensure that their insurance policies cover livestock at market premises and that Buyers have immediate cover for animals purchased.

Removal of Lots - Lots can only be removed once payment has been made in full and/or a pass issued by the Auctioneers. All Lots need to be cleared from the sale premises **by 5pm** on the day of sale unless otherwise agreed with the Auctioneers.

Descriptions of Lots - Buyers should satisfy themselves prior to making bids as to the condition of any Lot and should rely on their own judgement as to whether the Lot accords with its description. All Lots are sold under the Livestock Auctioneers Association Conditions of Sale as referred to above to include the following two clauses:

Statements of Fact - Unless otherwise announced all statements of fact made in any sale catalogue or at the time of sale regarding the breeding of any animal, its health status or other tests carried out on any animal are statements of fact made by the Vendor and not the Auctioneer and the Auctioneer accepts no responsibility for any misstatement nor does he nor the Vendor accept any responsibility for any subsequent reaction by an animal sold to any relevant test administered after the sale.

Liability of The Auctioneer - The Auctioneer acts in all respects only as agent for the Vendor and no warranty is given by the Auctioneer or his employees or contractors, and none shall be implied, as to title, description or the quality of any Lot. Neither the Auctioneer nor his employees or contractors shall be liable to the Purchaser in any respect for any defect of title, error of description or imperfection or for any announcement or statement concerning any Lot offered for sale whether made orally or in writing (whether in a sale catalogue, order of sale, advertisement for the sale or otherwise) and whether given before, during or after the sale, nor shall he incur any liability in relation to any dispute between a Vendor and Purchaser.

Bidding Form - The Auctioneers will bid on your behalf if written instructions are received on the form supplied, or an email or text has been received confirming instructions and acceptance of the terms set out in the form and adequate time is available to enter such bids. The Auctioneers reserve the right to request a deposit as part of the instruction process. It is entirely at the discretion of the Auctioneers whether other forms of bids are acceptable however in every case there is no liability on the auctioneers.

Refreshments and Facilities - Canteen and toilets are on site.

The main ectoparasites for cattle at housing?

- **Mange mites** (Chorioptes, Sarcoptes and rarely Psoroptes)
- **Lice** Several species of biting and sucking lice can cause issues in cattle. Problems with lice and mites are more common in the winter, especially in housed cattle due to close contact between animals.

Lungworm

Lungworm risk is weather dependent but is generally highest from July to housing.
Pre housing treatment with Dectomax (up to 5 weeks before housing) can manage this risk and also remove inhibited Oestergesic to control the risk of Type II Oestergesic in late winter.

Use Dectomax Pour On for your youngstock housing dose

- Broad spectrum cover for stomach, gut and lungworm including type II Oestergesic
- Treats biting and sucking lice
- Treats mange mites (Chorioptes, sarcoptic and psoroptic mange)
- 20 - days persistency against Ooeparia orncophora
- 42 - days persistency against lungworm (Dictyocaulus viviparus)
- 28 - days persistency against Oestergesic oestertag
- Meat withdrawal period 35 days
